This list of new species continues the lists of new enchytraeid taxa published in previous volumes of the Newsletter on Enchytraeidae. *Henlea pertoserica*, ignored for over 20 years, was kindly brought to our attention by Dr Timm.

- Achaeta hanagarthi* Schmelz, 2008
- Achaeta paranensis* Schmelz, 2008
- Achaeta singularis* Schmelz, 2008
- Fridericia dianchiensis* Chen & Xie, 2008
- Fridericia lacii* Dózsa-Farkas, 2009
- Lumbricillus healyae* Rodriguez & Rico, 2008
- Henlea pertoserica* Popčenko, 1988
- Marionina scintillans* Boros & Dózsa-Farkas, 2008
- Marionina triplex* Matamoros, Yildiz & Erséus, 2007

Boros, G. & K. Dózsa-Farkas (2008): *Marionina scintillans* sp. n., a new enchytraeid species (Annelida: Oligochaeta) from Hungarian green houses. – Acta Zoologica Academiae Scientiarum Hungaricae **54**: 113–123.

Chen, J. & Z. Xie (2008): *Fridericia dianchiensis* sp. nov. (Enchytraeidae, Oligochaeta) from Yunnan Province, China. – Proceedings of the Biological Society of Washington **121**: 283–288.

Dózsa-Farkas, K. (2009): Review of the *Fridericia* species (Oligochaeta: Enchytraeidae) possessing two spermathecal diverticula and a description of a new species. – Journal of Natural History **43**: 1043–1065.

Matamoros, L., A. Yildiz & C. Erséus (2007): A new species within the genus *Marionina* (Enchytraeidae: Annelida: Clitellata) from the southern Black Sea. – Marine Biology Research **3**: 397–402.

Popčenko, V. (1988): Vodnye maloščetinkovye červi (Oligochaeta limicola) Severa Evropy (Aquatic Oligochaeta of Northern Europe). – Nauka, Leningrad: 287 pp.

Rodriguez, P. & E. Rico (2008): A new freshwater oligochaete species (Clitellata: Enchytraeidae) from Livingston Island, Antarctica. – Polar Biology **31**: 1267–1279.

Schmelz, R. M., R. Collado & J. Römbke (2008): Mata Atlântica enchytraeids (Paraná, Brazil): The genus *Achaeta* (Oligochaeta, Enchytraeidae). – Zootaxa **1809**: 1–35.
